VOLUME III, NUMBER 40 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA. THE COUNTY SEAT PAPER AUGUST 19, 1929

STRUGGLES GOLD RUSH PIONEERS TOLD STEWART

The story of the days of '49 in this section and the struggles of the early pioneers to retain their water rights—a fight that continues today—is told in the second of a series of articles on Siskiyou county, written by "L. D." for the San Francisco Bulletin. The article follows:

The hell-roaring '49ers who won this region with a whoop and a rush have gone; only an occasional pioneer remains, but their touch upon this land was indelible, giving it a romance that time cannot dim.

There is peace and quiet in every vale and on every peak, a stillness such as one may find in the ballroom after all the dancers have departed.

Along the Klamath, at the Forks of Salmon, along Scott river, on the Yreka flat, Etna Mills or Fort Jones anly an occasional historic building or a bit of scarred ground remains to tell you of those other days, but an air of romance prevades the land. You readily visualize the pictures of 75 years ago when the new frontier was a teeming mass of gold-mad pioneers.

Until the magic word of gold echoed far and wide there were no roads across the land now known as Siskiyou, except a trail that had been hewed by an early party of Hudson Bay trappers.

This was no obstacle to the Argonauts who swept in from north and south, cutting their way through the wilderness and leaving well-defined routes over which others soon followed.

Indians, both friends and savage, fell back before this rush that built towns in a single day. Just a few miles south of this county seat gold in heavy deposits was found in the surface gravel.

The Yreka Flats boomed and soon a dispute arose over water rights that led to the famous Yreka Flats riot, factions forming their own armies and fighting it out. A truce was obtained, followed by a great celebration in Yreka. But in the midst of the armistice festivities a new scrap developed, and again the six-shooters were brought into play.

The old-timers yet recall how a church meeting received word of the battle and one of the town's leading lights called for volunteers to go forth and offer the olive branch. He, however, preferred to remain at a safe distance, and so the others in the crowd decided to go on with the services and let the tide of battle go as far as fortune dictated.

The scars of those mining days yet are to be seen as you approach Yreka, the monuments to that army of pioneers. Plaques and wall-markers, telling of these romantic spots, are to be erected by the trails of forty-nine committee of the Sacramento Region council.—Siskiyou Times.

Can mining ever return to its glory of the early days in view of present increased prices of labor and mateials? This question is often asked by the layman interested in the mining profession, but who appears to vision modern day obstacles that tend to discourage further development.

"Yes", is the answer to the question as given by James D. Stewart, mining engineer of Auburn, says an article on Placer County resources by the Sacramento Region Citizens Council.

"New machinery and the ability of the engineers to devise new and easier means of procedure offset the difference in cost", says Stewart.

Big Water Charges

The terrific overhead cost at which the hydraulic mines in the county operated during the early days is shown in a report that tells of the Gold Hill mines spending $1,000 per day for water. But when it is considered that they are taking out $5,000 per day, it can be seen that even with the high cost of water there was a nice margin of profit.

Continued on Page Five

BRUSH CREEK STOCK HOLDERS ON VISIT

J. T. Coffman, prominent attorney of Healdsburg, and Charles Upland of Santa Rosa, directors in the Kate Hardy Mining Company operating the Brush Creek property above Goodyears Bar were in Nevada City Thursday on their way to the property in company with President Ben F. Ballard.

The work of installing the new compressor is proceeding nicely and will give large increase of air for the drills and enable much faster work underground. The old compressor had only a capacity of 100 cubic feet. It will be tied in with the new 600 foot compressor, giving 700 cubic feet for use.

The ore developed on the lower level the past year is holding up excellently in values and extent and gives a great deal of encouragement to the company which has made a large investment in that district in years past.

OAKVALE MINING CO. IS INCORPORATED NEVADA

Operators of the Oakvale placer mines in the Steep Hollow section have been incorporated as the Oakvale Mining Company under the laws of Nevada. The capital stock issue is set at 500,000 shares with a par value of 50 cents.

CASCADE COMPANY IS BOOSTING THIS SECTION

The Cascade Milling and Development Corporation is the name of the company operating the Gracie claims on the Orleans vein system southeast of town. It has been offering some of its stock prior to listing on the stock exchange.

Its literature states that good milling ore has been opened on the 190 level running $7 to $440 per ton and with the shaft deepened to 350 feet larger production will be possible. The work is all in virgin territory and is one of the last of the well mineralized areas in Nevada county to be opened up for development. Nevada City and its surrounding area are credited a past production record of $265,000, of gold and is the territory where the oldest and deepest quartz mines in California are found, work being now prosecuted on the 9,000 level or nearly two miles down on the dip of the vein.

PROMINENT VISITOR IS GODDARD OF SACRAMENTO

One of the prominent visitors in Nevada City Saturday was A. E. Goddard, formerly mayor of that bustling metropolis. Mr. Goddard expressed a lively interest in almost any topic brought up except politics which he says is taboo with him. He has been one of Sacramento's leading citizens and takes part in the various civic movements of that section.

Mr. Goddard was the guest of Fred F. Cassidy on the annual outing of the Alpha Stores employes which was held at Sierra City Saturday and yesterday.

RED CROSS WORKING

The Red Coss mine in the eastern part of Yuba county is running two shifts at present. A two stamp mill is being operated. The shaft is at present 130 feet deep. Plans are in progress for sinking to greater depth.

A coating of oil was placed on the Nevada street hill Saturday.

Mr. and Mrs. J. E Huntley and her sister, Miss Anna Hoffman, of Sacamento are on a visit to an aunt in Grass Valley. Mrs. Huntley and Miss Hoffman lived at French Corral at one time. It was with sorrow that they learned of the destruction of their old home Friday by fire. They called at The Nugget office Saturday while on their way to Fench Corral to visit friends.

NEW STRIKE OF SPECIMEN ORE IS MADE AT IDAHO

Arich shoot of specimen ore was cut into on the 1500 level of the Idaho Maryland on Saturday in the Morehouse vein. The strike was made in tre last round of shots for the shift and examination of the stike will be more fully explored today.

The pay veins in the Idaho have a habi of branching away from the genenal direction of strike and a new vein coming in to take up the direction again. The strike was made after crossing a barren zone of loose serpentine. Superintendent Bert Crase was summoned after the strike an dhe notified general manager Errol MacBoyle who is in San Francisco.

Plans for enlarged miling equipment are about completed as sufficient ore has been blocked out to assure a much larger mill than the present 20 stamp plant which has been operating steadily for several yetars under the present ownership.

Opeations are being pushed on the 1000 level to connect with the Brunswick workings which will no doubt be the site of future surface operations.

CHRIS HANSEN MINES SOUGHT BY THE NID

The Chris Hansen group of mines at Lake Bowman are sought to be put out of business by the Nevada Irrigation District which has commenced eminent domain proceedings to oust Hansen. Hansen some time ago brought suit against the district alleging flooding of his mines through raising of the lake dams. In a similar action against John Phelps the district was successful.

MARTIN OLSEN MINING AMADOR COUNTY MINE

Martin Olsen, who was in charge of operations at the Mohawk property for some months is now engaged in operating the Haverly mine at Pine Grove, Amador county. The tunnel is in 258 feet and an ore shoot 150 feet long has been opened up. A winze is being sunk to open it further and is now down 20 feet.

Mr. Olsen reports that there are three parallel veins which prospect well. The ore now going through the mill is said to average better than $20 a ton. There are two claims in the property.

While in Nevada City early last week on his way to the property, Mr. Olsen reported that operations are due to commence again shortly at the Mohawk property. A contract is to be let to sink the shaft to the 200 level.

ALPHA EMPLOYES PICNIC

The annual picnic of the employes of the Alpha Hardware and Supply Company was held at Sierra City again this year, the highway contractors opening up the Downieville-Sierra City route for the occasion. The merry party left early Satuday afternoon returnng yesterday evening after a most enjoyable occasion.

AFTER WATER USERS

The Grass Valley city council are after the water hour violators and proposes to take them into meeting and assess fines. Why don't they install meters and let the people pay for what they use?

CHAMBER OF COMMERCE

The Chamber of Commerce is sponsoring street markers, more illumination and an illuminated sign at the entrance to the business district. The meeting last week was a well attended one.

Miss Gertrude Paine is visiting in Nevada City with her parents. She has just completed a summer course at University of Southern California. Miss Paine taught in Santa Barbara county last year.

Subscribe for The Nugget.

NEW STATE MINE ASSOCIATION IS NEAR ACTUALITY

The meeting at Yreka Saturday is expected to formally launch the movement for a state wide mining association which has been sadly needed by the industry for a number of years. The mining industry has been the one major industry of the state which has been trying to worry along on disorganized lines and it has been at the whim of all kinds of legislation as a result. Nevada county will not be argely represented at Yreka on account of the distance and the time of the week but with the formal organization meeting scheduled for September 4th at Sacramento, there is certain to be a large delegation from this county in attendance.

A great deal of interest is being taken generally in the proposed organization and the mining men owe it to themselves to get solidly behind the movement if the industry is to advance now that it has a good start toward getting on a firm basis once more. The mining department of the Sacramento Chamber of Commerce is to be highly commended for its effective work in sponsoring the movement thus far and if it can enlist the leading men of the industry in an effective way the new organization can get to work in short order.

The Nugget will carry further information in coming issues of the plans and intents of the organization.

TURPENTINE PRODUCING GETTING UNDER WAY

The first turpentine from the new plant of the California Timber Products, Incorporated, was turned out Thursday in a test run and looks to be of excellent grade Further testing will be necessary to get the boiler hooked up to full efficiency but the next few days should see the plant well under way on steady production.

The large melting pot, elevator and strainers are all in tip top condition for production and the vaious units of the plant are being tuned up. There has been some delay in getting sufficient containers to hold the sap until the storage vats are worked down sonfewhat.

The company has made a large investment in this community during the past year and now has a good acreage of timber under tapping operations. The timber owners generally have been evincing a great deal of interets as the refinery has been getting under way for production and the company will likely be crowded with requests for contracts for large acreage.

The trees are running steadily and making good showing of gum in the cups. No further tapping will be done before fall at which time acreage in the San Juan and upper country will be opened up.

MRS. ANNA BALL PASSES

Mrs. Anna Ball for a number of years a resident of this city, passed away recently in Orfordville, Illinois. She was 90 years of age at her death. She made her home on Coyote street while here.

FINE CAMP STEW

The American Legion was host to a large throng at Dykemans Grove last week with the annual stew. Around a thousand were taken care of.

WILLIAMS VISITS HERE

W. R. Williams, who has mining interests near Camptonville was a Nevada City visitor early last week and took occasion to call at The Nugget office while in town He is a resident of Berkeley and an enthusiastic subscriber to this paper.

Harry B. Gray of Relief Hill was in Nevada City the latter part of last week.

Miss Minna Cobbledick went to Sacramento Friday on a short visit.

Ernest Meyers of Tyler is visiting his father, Henry Meyers, in Nevada City.

MACHINERY IS BEING PURCHASED FOR DIADEM

Hoisting and pumping equipment is being purchased for the Diadem mine at Forest and plans are under way for large operations at this property. The old Phippin sawmill buildings are being dismantled and will be used for a new surface plant. J. M. O'Rourke is superintendent.

CHAMPION MINE WORK PROGRESSING NICELY

Development work on the Champion lease is progressing steadiy with a small crew and the five stamp mill is operating steadily. A concentrator is to be installed as the ore shows many sulphides which are not picked up by amalgamation. An upper drift is being run on the Ural vein and the lower drift is also to be extended to get under the present workings.

Some specmen rock has been picked up in one of the raises run from the upper drift to the surface and is heavily oxidized. Excellent ore has been found and is being prepared for smelter shipment as soon as a sufficient quantity has been taken out.

William A. Sharp and Len Rockefeller are in charge of the lease which is held by the Yellow Tiger interests, Gordon M. Bettles, gener-

CITY DADS STUDY THE WATER SISUATION HERE

The leading topic of discussion at the monthly meeting of the city trustees Thursday night was the conservation of water. The ancient flumes which are presumed to carry the water from Cascade ditch are in a dilapidated condition and there is a large loss of water in transit to the reservoirs.

The trustees will investigate the best method at once to bring the flume up to better efficiency and cut down on the large amount of water which has to be bought now to supply the city needs. The NID bill was nearly $800 the past month, a large jump over previous months and by cutting down the watsage which has been of considerable benefit to the Gold Flat section the trustees figure that they can save a lot of money for the city. The water revenues are the main providers for the city trustees as the bulk of the taxes go into special funds.

In the absence of the mayor, Trustee Seaman was chosen to preside over the deliberations. With but three members of the board present the matter of the city tax rate was carried over to tonight. The city clerk showed the revenues for the various funds and how it would be possible to get along on the same rate as last year. Then it developed that there would be a three cent cut in the city library fund there was an instant demur from Trustee Seaman, a member of the library board, who said the library would require a 22 cent rate instead of the 19 cent proposed, so there will doubtless be some argument tonight as some of the board are anxious to hold the rate at its present level of $1.90 if possible.

The matter of carrying overdrafts in some of the funds provoked some little discussion as there is a provision in the city charter that overdrafts are taboo. Another street light was requested ,this time for Silva street and it was granted.

The new peddler and truck license ordinance seems to be a good revenue producer as there were 15 of the $5 licenses issued last month, which helps out the city payroll nicely. Water collections were $1376.60 for the past month. The city recorder turned in $25 in fines and a few taxes made their appearance.

E. C. Brown of Nortr San Juan was a visitor in Nevada City during last week.

E. D. Bridges is home from a visit with his son at Alameda. Mr. Bridges was under a doctors care while away and made some impovement in his health.

MOHAWK SHAFT DEEPENING IS TO BE COMMENCED

Announcement from Yakima, Washington, is to the effect that between now and the first of September, a contract will be let to deepen the two compartment shaft at the Mohawk property south of town an additional 125 feet to carry it to the original objective. The shaft reached a depth of 75 feet when operations at other points caused a temporary cessation of work at the Mohawk.

With checks covering contract payments to James Teale and W. L. Lotz on the mineral rights under their Gold Flat properties, issued the past week, it is indicative of the company's intentions to proceed with its development program in the rich virgin Gold Flat section.

The company the past year installed a fine surface plant including a 100 ton ore bin, electric hoist, compressor and pumping facilities and carry its sinking operations to a considerable depth. With the cutting of a station at the 200 level crosscutting will be carried to the west and east to determine the location of a number of ledges known to exist in that property.

The company is largely made up of Washington capitalists.

KAUFMAN IS BUYER BY PLACER HOLDINGS

H. N. Kaufman by virtue of a tax deed from County Teasurer Frank Steel becomes the possessor of large placer mine holdings lying east of North Bloomfield and formerly the property of the Union Blue Gravel Mining Company and known as tre Watt Extension, Hope Extension, Hope Extension Nos. 1 and 2, and Watt No. 2.

MINERS FOUNDRY HAS LARGE WORK UNDER WAY

The Miners Foundry has been busy with a number of orders from distant points. The past week saw a shipment of ore cars for a quicksilver mine in Oregon. The cars were made complete even to the wheels and frames which were cast in the founrdy. Four fully equipt Pelton wheels were shipt to Boise, Idaho. The foundry doubled old type of Pelton wheel and also one of the new high speed bronze wheels for the memorial monument to Lester Pelton being erected at Camptonville.

ENTERTAINS THE NATIVES

Uncle Tom Coan was host to the Native Sons and Daughters at his popular resort Wednesday night, it being an invitational affair on the part of Uncle Tom. A most happy time was spent by the assembled crowd who enjoyed dancing and refreshments prepared by the host.

NEW CARPET LAID

John W. Darke has completed the laying of a fine piece of carpet in the lodge room in the Masonic Temple to replace one that had seen nearly a half century of serveice. The new carpet is heavily tufted and should last for many years. It is made by the same company which fabricated the previous one.

FORMER PRINTER VISITS

W. L. Boardman formerly a printer on the old Miner-Tanscript was a visito fom Fai Oaks Saturday and looking up former friends. He was sory to have missed John Pascoe with whom he formerly worked. Accompanying him was his son son in law W. B. Wood, a linotyper on the Martinez Standard.

NOTICE TO THE PUBLIC

The electric current will be cut out of Nevada City between the hours of one and five o'clock P. M. on Tuesday, August 20th, and possibly during the same hours on Wednesday the 21st.

FRENCH CORRAL ITEMS

FERNCH CORRAL, Aug. 17, (Special to The Nugget)— The hot weather continues,—but this is the time for hot weather, and why should we murmur, when we know that evening will always bring the delightfully cool nights, which give rest and refreshment to meet the hot days. Surely our Nevada county is the banner county for wonderful climate. Even today we hear people who are returning to the City say, "Well, we will now go back to the fog".

We believe our climate must be conducive to longevity also, for we have many far past the allotted time of "three score and ten".

As we date our items we are reminded that August 16th is the birthday anniversary of our most beloved pioneer mother, Mrs. J. Ferguson of Sebastopol is 98 years of age today, and from her appearance one could hardly believe she was within twenty years of that great age. She is just adored by the whole Ridge.

Mrs. W. E. Moulton and daughter, Miss Louise, made a trip to Nevada City and Grass Valley Friday.

Mrs. L. Hardenbrook, who has been visiting her sister, Mrs. Mary Mitchell in Grass Valley returned to French Corral Friday evening where she is spending the summer with her brother, Thos. Meyers. Her daughter, Miss Mabel, who was a June graduate of the Los Angeles high school, came with her, and will spend here vacation here.

Mrs. A. Browning and son, Harry. and Eugene Browning made a trip to Nevada City and Grass Valley Friday to see Mrs. F. Browning, who recently underwent a very serious opeation at a Grass Valley hospital.

H. M. Bailey and Jas. Simmons, who have been spending a while in French Corral, went to La Porte Saturday. While in French Corral they built a new porch for Mrs. K. Sullivan.

Mrs. K. Broyles and family of Sacramento spent Sunday in French Corral.

We are pleased to learn of the marriage of two of our French Corral boys, Francis Tackitt and Willis McPherson, now of Sacramento, and we wish them all kinds of good luck and happiness.

Arthur O'Connor, who has been spending his summer vacation with his relatives in Birchville has returned to his school duties at San Rafael.

Mr. and Mrs. F. Courneen of San Francisco visited this place Wednesday and Thursday. Mrs. Courneen, who in girlhood days was Mabel Hein, is a native of this place, her parents having been residents for nearly thirty years. After their home was destroyed by fire, they moved to San Francisco where several of their children had employment. They always delight in coming back to the old home and camping under the old apple trees. Mr. and Mrs. Courneen had just returned from a camping trip in the Feather River country and Lake Tahoe.

Mrs. Auslin of Freeman's Crossing and Miss Millie Clerkin were Thursday visitors.

Mrs. W. E. Moulton, Miss Louise Moulton, Mrs. E. Sutherland and Miss Barabar, and Mrs. J. W. Culver spent Thursday with Mrs. Ted Schwartz of Pleasant Valley where they enjoyed "bridge", and a delightful "eat".

J. W. Culver and W. E. Moulton are busy transporting their Bartlett pear crop to market. Here is where you find Bartletts of the first quality.

Ridge folks are busy planning a "big time" around September 8th and 9th. More later.

GRASS VALLEY PERSONALS

John J. Looser was a business visitor in San Francisco early last week.

Frank Lassen, president of the Pioneer Gold Mines company, is attending to business affairs in San Francisco pertaining to the property which is located on the ranch of C. C. Mitchell.

Miss Lucille Jefford, who recently underwent an operation for appendicitis, has left the hospital for her home.

Miss Alice Shaw is home from a visit of several weeks in Long Beach.

Everett Champion is home from a visit with his father, R. H. Champion, at Alleghany.

Miss Hazel Stennett is visiting in Alameda for a short time.

Mr. and Mrs. O. H. Fuller, who have been visiting in San Francisco for several weeks returned.

Mrs. Fred Carter is spending a few weeks in the bay region.

Mr. and Mrs. C. A. Morehouse have as visitors their daughter, Mrs. Eric Heckers, and two sons and daughter of Portola.

Mrs. A. R. Archibald has had as guests, Mr. and Mrs. Stuart Campbell of Nebraska.

FROM OUR READERS

Lee Darneal, Los Gatos—"Please send me a copy of your special mining number. I lived, when a boy, at French Corral and I find The Nugget full of news from that section. Haven't been up that way for a long time but I am going to try to make it some fine day. The Nugget is a real live paper and full of news."

Mrs. H. B. Archer, Portland,—Enclosed please find my check for one year's subscription to your paper and for the Special Mining Number. Am writing to your Mining Bureau for information on some mining stock which I have. I feel certain that your Bureau will give me the truth".

PIKE CITY HAS PICNIC

Almost the whole community of Pike City journeyed to Freeman's Crossing Friday afternoon on a big picnic. After the heat of the day, the waters of the Middle Yuba welcomed the many swimmers who spent the evening swimming and playing on the sand banks.

A lunch was enjoyed by all present, everything good to eat having been brought along; there are several good cooks at Pike and they were all busy that day preparing such foods as appease a hungry appetite. To top off the other fine things, they had ten gallons of ice cream from The Forest.

A portable phonograph was part of the equipment, and after dark the automobile headlights were focused on the big bridge which concrete floor was used as a dance platform, and dancing was enjoyed. The evening was delightfully spent and everyone had a good time. The following were present: Mr. and Mrs. Warren Godfrey, M.r and Mrs. A. J. Gilmore, Mr. and Mrs. Hawley Chatfield, Mr. and Mrs. Louis Wood. Mr. and Mrs. Will Cunningham, Mrs. C. N. Chatfield, Mrs. Fern Cook and daughters, Mrs. R M. Cunningham, Misses Lola, Wanda and Gladys Chatfield, Florence and Jessie Smart, Dorothy and Evelyn Buhl, Lottie Wood, Kathryn Rothjan, Gladys, Adele and Eva Joy Cunningham, Camilla Clerkin, Eileen Godfrey, Mr. Robinson, George Wayman, Edwin Godfrey, Robert McCullough, Robert Beame, Arthur Gilmore, Bernard Rothjan, James Halkyard, Warren Godfrey, Edgar Cunningham, Warren Cambell and Guy Baldwin.

Mr. and Mrs. J. E. Gooding are spending a two week's vacation in te southern part of the state. He will attend the American Legion state convention in San Diego while away.

Mr. and Mrs. W. F. Prisk of Long Beach, accompanied by Contractor Hal McGrew, are up inspecting their new home on the highway east of Grass Valley.

E. W. Schreiber visited with his family in San Francisco for a few days. They will remain for a few days longer.

L. E. Calanan of the Ray Ranch was in Nevada City ecently.

George Kervin, manager of the Empire-Star Mines Consolidated, Ltd., who has been in the state of Nevada on business, returned to Grass Valley yesterday.

MISS CASEY PASSES

Miss Nell Casey, sister of Thomas and Will Casey and Miss Gertrude Casey passed away at the family home in Penn Valley Thursday after a lingering illness. She was the daughter of Mr. and Mrs. John Casey, pioneer residents of Penn Valley and was well known and loved for her many estimable virtues. A solemn requiem mass for the repose of her soul was celebrated at St. Patrick's church Saturday and interment was in the Catholic cemetery.

F. A. Austin of Alleghany was a visitor in this city.

Mr. and Mrs. William Kallenberger, after a residence in Grass Valley of 21 years, left for North Bloomfield to live in their old home.

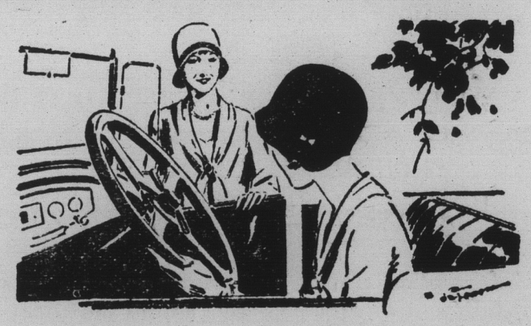
Any woman who doesn't have *instant* hot water . .



is spending 4 to 6 hours longer each week in housework!

Have all the hot water you want without bother or waiting. Then housework is done easily and quickly. Each week you can spend 4 to 6 hours more with friends — motoring, shopping or engaging in outdoor sports.

There is no need of watching the automatic gas water heater.

You can have plenty of hot water day and night. It costs less than one-fifth of a cent per gallon—the lowest cost of any method for heating water in the home.

Details on replacing your old water heater with a new automatic gas water heater can be obtained at a dealer's store or by telephoning our local office.

LEGAL NOTICE

The California Debris Commission will hold a public hearing at 10.00 A. M. August 23, 1929, in Room 728 Wells Fargo Bldg., San Francisco, California, to receive protests against granting the application of the Nevada Irrigation District, to use its Deer Creek diversion dam, located on Deer Creek near Scott's Flat, and its Van Giesen diversion dam located on Bear River near the Combie crossing, for storage of hydraulic mine debris tailings. The Nevada Irrigation District proposes to sell debris storage space to such hydraulic mines in the drainage areas above the dams, as desire to purchase it.

MINING LOCALS OF THE WEEK IN NEIGHBORHOOD

CALAVERAS COUNTY

Mary G. Phiison of Stockton has commenced suit against the Penn Mining Company, alleging that the corporation has penetrated into the Gallagher holdings owned by her and extracted therefrom some 100,000 tons of copper, gold and silver ore worth three million dollars. Treble damages in the sum of nine million are asked. H. H. McPike of San Francisco is one of the attorneys representing the plaintiff.

A new stamp mill for the Lamphier mine at Chili Gulch near Mokelumne Hill is being installed. The mill was taken from a Mariposa county mine. The property is under bond to the Mother Lode Central Gold Mines Consolidated. James Hamby is general manager.

The Ford mine near San Andreas has been bonded by promoter J. E. King. The mine is to be unwatered and milling equipment will be installed if conditions warrant. The property is owned by T. Hawes and Mrs. Ann Dower of San Francisco.

More rich ore is reported from the Osborn mine near Angels Camp, on the 100 level near where the previous strike was made. The property is being developed by the Belmont-Osborn company. T. B. Elliott is superintendent of operations.

Some gold nuggets were found recently at the McSorley crystal mine near Mokelumne Hill.

SISKIYOU COUNTY

A drift is being run on a seven foot ledge in the Quartz Valley group near Greenview by the Siskiyou Mining Syndicate. Company is contemplating the installation of a ten stamp mill this season. This company is also developing the Blue Jean and Cub Bear properties in the Liberty mining district. I. J. Luce of Seattle is president of the company.

A ball mill, concentration and oil flotation are being installed at the White Bear mine near Etna. Major A. Ross is manager of the property which is employing a crew of 40 men.

EL DORADO COUNTY

The tunnel at the Kelsey mine is now in 600 feet and reported in good ore at the face. A large tonnage of good ore is said to have been blocked out. Milling facilities are contemplated. F. W. Kracht is president of the company.

District Attorney W. E. Wright and Sheriff George R. Carter were in Truckee on official business the latter part of last week.

CAMPTONVILLE PERSONALS

Bud Woods of Pike City was in town Monday.

Forest Guard Hawley H. Chatfield of Pike City was in town Monday.

Mr. and Mrs. Charles C. Strandberg of Oakland are spending a short vacation at the Dietrich ranch.

Fred J. Joubert and daughter, Miss Lesta, motored to Nevada City Sunday, returning with Miss Juanita Wright of Texas, who is spending a short vacation visiting Miss Joubert.

Mrs. Ernest De Prati of French Coral was here Sunday with friends on a visit.

Roy Clark of Marysville is visiting relatives in this section.

Mr. and Mrs. L. W. Wood of Oakland are spending a vacation at their old home at Pike.

Miss Carmen Veck of Downieville passed through town Monday enroute to her home from Nevada City.

Shakespeare and Current Event Club held a meeting Friday evening at the Groves home. The usual work was started and other items of interest were taken up. At a late hour refreshments of ice cream and cake were served which was very appropriate this hot weather. Miss Lesta H. Joubert was a guest of the Club at this meeting.

Henry Godfrey accompanied by his mother arrived Friday from Berkeley on a visit with relatives at Oak Valley.

The following were among those going to Alleghany Saturday evening to attend the dance: Mr. and Mrs. Eugene H. Hays, Mr. and Mrs. Leonard L. Bishop, Esmond J. Humphrey, Mrs. Seymore Smith, Mrs. B. F McNaught, Miss Betty Cline, Raymond Halkyard, Joseph Halkyard, Albert C. Sommers.

Mrs. Fred B. Hanson and Levi W. Turner made a business visit to Bangor Sunday.

James Grimes, of the American Flag mine, returned Saturday from a week's visit with relatives in Nevada City.

William Williams, former resident, arrived Friday from Berkeley on a visit to his old home.

J. J. Kelly of Moonshine passed through town Saturday from the Slate Range Bar enroute to his home.

A traveling show gave a free street preformance Friday evening in front of Hotel Francis.

Mrs. J. P. Smart and son, Laverne, went to Nevada City Saturday.

Miss Beatrice Eddy of Oakland visited relatives in Grass Valley recently.

Charles Woolsey was brought down from the Graniteville section for a hernia operation last week.

JIM STEWART Continued

It is because modern engineering methods would cut down the operating costs that the miners hope to see eventually the revival of the old camps at Michigan Bluff, Yankee Jm, Damascus, Ophir, Paradise, Bath, Picayune Divide, Indian Hill, Dutch Flat, Gold Run, Monona Flats, and elsewhere.

Work Goes On

Barred by legislation from the old hydraulic method of mining, the Placer county gold seekers are still active and from time to time new poperties are opened and good returns are netted by the operators.

Mining experts explain that operations on an extensive scale in the old gold-bearing channels cannot be successfully carried on unless hydraulicking is permitted.

Exploration work, however, goes on unceasingly and when the main lead is uncovered in a section, tunnels are driven into the hillsides and the dirt worked in sluices.

According to the state and federal rules, hydraulic mining would be permissible were the operators to construct good and sufficient dams which would prevent the tailings finding their way into the rivers. This, the mines say, is too expensive when they take into consideration that their dams must also care for silt carried down from mountain regions.

Colfax Development

At Colfax men are now at work opening the old levels of the Rising Sun quartz mine, which once was operated on a big scale.

The Mayflower Company at Forest Hill has expended large sums in the last two years in the purchase of mining land.

The Homestake Mine at Forest Hill is undergoing development work. Other properties also show activity.

John Watts of Auburn, is one of the few remaining figures that played a big part in the days gone by. He owned the property at Monona Flats which yielded rich returns during the period of operations.

Government legislation prevented the sale of gold by the mints to commercial concerns is urged by James D. Stewart, mining man of Placer county, as one means of aiding the miner. The plan is now under consideration by congressmen and may eventually be placed before congress in the form of a bill.

The ban is sought by reason of the fact that the value of gold has not increased despite the constant increase in costs of operation.

Stewart argues that if the price of commercialized gold was governed by the law of supply and demand the miners would be able to get a far better price than they are now paid. (Colfax Record).

ROUGH AND READY JOTS

ROUGH AND READY, August 17 (Special to The Nugget) —Neil Abbott and wife were weekend visitors here with M. and Mrs. F. L. Abbott. They attended the Legion camp stew at Penn Valey Sunday. When they returned to their home in Oakland they wee accompanied by their son Neil Jr. who had been spending his vacation here.

The sudden death of Miss Nell Casey was a distinct hock to our community. She was well known and had many friends here and in the surrounding country who all join in extending their heart felt sympathy to the bereaved family.

P. G. Hawley is very ill at his home here.

Mr. and Mrs. Fred Fippin have moved the old Davis ranch east of here

Supervisor Joe Frank has a crew of men on the Mooney Flat road hauling gravel. Hhe had a new road graded thee this sping and is now having it gavelled. &

The man yfiends of A. E. McCrea will be glad to hea that he is very much improved and on the road to recovery. He has been ill for nearly two years.

Mr. and Mrs. Athu Spence of Hammonton were here Sunday visting the A. E. McCreas.

Recent guests of the McCreas were also Mr. and Mrs. Dave Kepler of Lime Kiln.

All the orchardists are busy picking and hauling pears to the packing houses.

The American Legion Auxiliary isplanning a dance at the Penn Vale yhall the coming month. The exact date has not so fa been set. This organization is short of funds and is giving the dance to increae their traesury. At this dance the ladies will appear for the first time in their new Auxiliary caps, which wee ordered for the camp stew but arrive dtoo late.

Mr. and Mrs. W. H. Goede will erect a new bungalow on their property east of town.

Mr. and Mrs. Tom Griffith visited in Sacamento last week.

JONES HITS IT RICH

Thought you might be interested to know that an old timer of Nevada City, aso of Yuba and Sierra counties, namely T. W. Jones, has just made a rich strike at the Patriquin mine in Monterey county. It is a quicksilver mine, and Mr. Jones struck an eight foot ledge of ore in virgin territory. The strike was independent of the old workings and the ore is at present being put thru a retort, altho there is a rotary furnace on the mine property, from the old company. Mr. Jones is in charge of the mine. Mr. Jones has worked at the Champion and Providence mines in Nevada City years ago, Eureka mine at Forest City, Victory Channel at Camptonville.

FINE TRUCKEE FOLDER

This office is in receipt of a finely illustrated folder gotten out by the Truckee Chamber of Commerce and the home town paper had the printing of it which adds to its appeal. A fine line of illustrations decorate the four inside pages while an extensive map covers two pages.

Mr. and Mrs. Thomas Corcoran are entertaining their son Cecil from Nevada.

The home of Nightwatchman Charles Cook of Downieville was destroyed by fire last week. The Mountain Messenger started a fund to help him rebuild and found a ready response as Mr. Cook is a popular officer and resident.

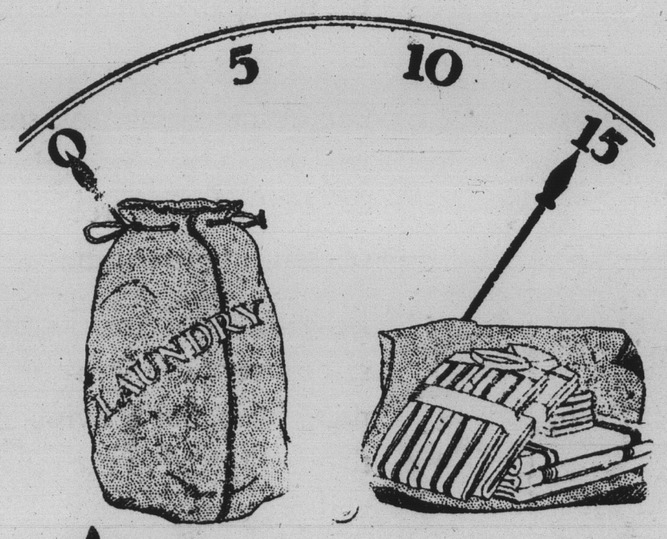
Patronize Home Industry



A Washday only 15 minutes long-

INSTEAD of being a drudging task all day long, your washday need last only 15 minutes; half of that time spent in gathering the clothes and linens, the other half devoted to putting them away after they have been returned to you fresh, clean, neatly ironed, ready to use.

Let the LAUNDRY do it!

EL DORADO COUNTY DROPS OFF THE FARM ADVSER

El Dorado county has decided to dispense with the farm adviser's office no funds being provided in the new budget adopted by the supervisors. There did not seem to be a widespread demand for its continuance and the board in casting about for ways to hold the taxes down picked on that department.

Subscribe for The Nugget.

Mr. and Mrs. William Treglown have as guests, Mrs. Al B. Cowan and daughter, Helen and her nicce, Miss Helen Norman, all of San Francisco.

ENGLEBRIGHTS ARE HOSTS

Congressman and Mrs. Harry L. Englebright were hosts the past week to Dr. and Mrs. J. J. Hogan of Vallejo, prominent in the Solano county metropolis. The genial doctor has represented his Chamber of Commerce on legislative projects at Washington.

MARSH TRACT SELECTED

It is reported that the city trustees have decided on the Marsh tract in the southeastern part of the city for the site of the new swimming pool which was voted by the taxpayers several years ago. The matter has not officially been closed by the board but may come up at the special meeting tonight when the tax rate is set.

NICE JOB PAINTING

C. E. Sullivan has been doing the decorating of the former Costello & Jepson place now owned by John Tognarelli. Papehanging and painting of the interior has made an neat appearance. Charley is a good workman.

HIGH TEMJERATURE HERE

The relatively high temperatures reigning here the past week have been largely due to the forest and brush fire raging between Colfax and Auburn near the Bear river. The mercury ascended to the 102 mark several times but the nights have been pleasantly cool.

Micky Schultz of the Eagle Bird mine spent five weeks at Campbells Springs.

Earl Rickard ras been selected as Grass Valley's fire chief to succeed the late Leland Rowe.

FRDAY—"Border Wildcat." The gripping serial, The Diamnd Master.

SATURDAY—"Taxi 13." Stock Exchange is the comedy.

SUNDAY and MONDAY—"Detectives." MGM News. Comedy.

WILMA YOST KILLED

Wilma Yost and Leslie Leonard are dead as the result of an auto accident ocurring on the grade between Benicia and Vallejo, early last week. Miss Yost and Marjory Lane, who had been members of the Oakland Rescue Home, are said to have made their escape from the institution and reaching the downtown section telephoned to George Alderon and young Leonard to ccme and get them. On a sharp curve on the grade the car driven by Alderson left the road and overturned. The Yost girl passed away in a Vallejo hospital soon after and Leonard lingered until Thursday. Alderson was arrested and is said to have paid a fine of $100. Liquor was reported by the officers in the car. Alderson was recently deprived of his driving license in the local courts.

DANCE AT NORTH SAN JUAN SATURDAY NIGHT

A ball will be given in the hall at North San Juan Saturday night which will attract a large throng of trippers of the light fantastic to the Ridge metropolis on that occasion. Excellent music is promised by the Imperial Orchestra which has been delighting dance lovers around Alleghany. Midnihgt supper will be served.

FRANCIS HOGAN'S WEDDING IS CITY SOCIETY EVENT

Mr. Francis Hogan, popular young Nevada City business man, was united in marriage to Miss Lois Wilcox in an impressive ceremony at the Hotel Mark Hopkins in San Francisco on Saturday evning. The Catholic sevice was read by the Rev. Fr. Ryan of St. Anne' Church in the presence of the membes of the family and several intimate friends. Thomas Hogan, a bother of the goom actted as best man. Miss Dorothy Essner of San Fancisco and Miss Haze Bandettini of Bakersfield were maid of honor and bridesmaid.

Following the honeymoon the happy couple will make their home in the former Lee Garthe residence on Main street.

NEWCASTLE MEETING IS A RESOLUTION PASSER

The meeting sponsored by a new tax payers protective association in Placer county and held at Newcastle last week proved to be well attended and went off as per schedule of its promoters which was to pass a canned resolution to do away with the present board of supervisors and all other county officers reachable. The Colfax Record informs us that the organization had enough of its friends present to pass the resulotion, although the vote was quite close. People generally are like a lot of sheep and when some one stands up on his hind legs and says all politicians are robbers and theieves there are plenty around to do the hiphurray stuff.

Charles Woolsey pased away at a Grass Valley hospital Saturday afternoon following an operation resorted to to save his life.

STRENGTH

Centuries are scarcely more than years in the life-span of the California Redwoods.

With their roots sinking deeper and deeper into their native soil, and with their power to grow throughout the years undiminished, these trees are mighty symbols of enduring strength.

In the Bank of America there is much this same sort of strength—not the strength of mere mass, but a living, growing power that is directed in the interests of stability and progress.

With its roots deep in the pioneer past, and with the traditions of sixty-nine years of financial integrity unbroken, this bank brings to its customers throughout California a strength to meet every emergency.
